

Dear Parents,

Text Messaging Service

We now operate a text messaging service to your mobile phone to keep you informed of events in school, to remind you about dates, to notify you of forthcoming events etc. Events and news will also appear on this website but we will no longer be sending hard copies of newsletters.

Please ensure that we always have an up to date phone number for you. If you change your phone or any address details at any time, please ensure that you remember to give us your new information.

Best wishes,

Tim Kirtley
Headteacher
