PSHE (Personal, Social, Health Education) Policy (Including Sex and Relationships)

At Heronshaw and Heronshill Schools, high expectations of learning, behaviour and respect for each other underpin everything we do. Our teachers strive to create independent, articulate thinkers and learners who have the confidence to achieve their ambitions. This drives us in our pursuit for excellence every day.

Context

All schools must provide a curriculum that is broadly based, balanced and meets the needs of all pupils. Under section 78 of the Education Act 2002 and the Academies Act 2010, a PSHE curriculum:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- Prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

Government guidelines produced in July 2025 state that
' Children and young people need knowledge and skills that will enable them to make informed and ethical decisions about their wellbeing, health and relationships. High quality, evidence-based teaching of relationships, sex and health education (RSHE) can help prepare pupils for the opportunities and responsibilities of adult life, and can promote their moral, social, mental and physical development. Effective teaching will support young people to cultivate positive characteristics including resilience, self-worth, self respect, honesty, integrity, courage, kindness, and trustworthiness. Effective teaching will support prevention of harms by helping young people understand and identify when things are not right,'

New government guidelines released in July 2025 state that Schools should focus on building positive attitudes and skills, promoting healthy norms about relationships, including sexual relationships where relevant, and about health, including mental health.

PSHE

At Heronshaw and Heronshill schools, we teach Personal, Social, Health Education as a whole-school approach to underpin children's development as people and because we believe that this also supports their learning capacity.

The Jigsaw Programme offers us a comprehensive, carefully thought-through Scheme of Work which brings consistency and progression to our children's learning in this vital curriculum area.
The overview of the programme can be seen on the school website and in appendix 2. Our tailored and detailed knowledge and skills progression grid is also on the school website and found in appendix 1.

This also supports the "Personal Development" and "Behaviour and Attitude" aspects required under the Ofsted Inspection Framework, as well as significantly contributing to the school's Safeguarding and Equality Duties, the Government's British Values agenda and the SMSC (Spiritual, Moral, Social, Cultural) development opportunities provided for our children.

Statutory Relationships and Health Education

> "The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019, made under sections 34 and 35 of the Children and Social Work Act 2017, make Relationships Education compulsory for all pupils receiving primary education…They also make Health Education compulsory in all schools except independent schools. Personal, Social, Health and Economic Education(PSHE) continues to be compulsory in independent schools."
>
> DfE Guidance p.8

"Today's children and young people are growing up in an increasingly complex world and living their lives seamlessly on and offline. This presents many positive and exciting opportunities, but also challenges and risks. In this environment, children and young people need to know how to be safe and healthy, and how to manage their academic, personal and social lives in a positive way."

"This is why we have made Relationships Education compulsory in all primary schools in England…as well as making Health Education compulsory in all state-funded schools."

"In primary schools, we want the subjects to put in place the key building blocks of healthy, respectful relationships, focusing on family and friendships, in all contexts, including online. This will sit alongside the essential understanding of how to be healthy."

"These subjects represent a huge opportunity to help our children and young people develop. The knowledge and attributes gained will support their own, and others' wellbeing and attainment and help young people to become successful and happy adults who make a meaningful contribution to society."

Secretary of State Foreword DfE Guidance 2019 p.4-5

"Schools are free to determine how to deliver the content set out in the DfE guidance 2019 in the context of a broad and balanced curriculum. Effective teaching in these subjects will ensure that core knowledge is broken down into units of manageable size and communicated clearly to pupils, in a carefully sequenced way, within a planned programme of lessons."

DfE Guidance p.8

"All schools must have in place a written policy for Relationships Education and RSE."

DfE Guidance p.11

Here, at Heronshaw and Heronshill Schools we value PSHE as one way to support children's development as human beings, to enable them to understand and respect who they are, to empower them with a voice and to equip them for life and learning.

We include the statutory Relationships and Health Education within our whole-school PSHE Programme.

To ensure progression and a spiral curriculum, we use Jigsaw, the mindful approach to PSHE, as our chosen teaching and learning programme and tailor it to your children's needs. The mapping document: Jigsaw 3-11 and statutory Relationships and Health Education, shows exactly how Jigsaw and therefore our school, meets the statutory Relationships and Health Education requirements. This can be found in appendix 2.

This programme's complimentary update policy ensures we are always using the most up to date teaching materials and that our teachers are well-supported.

Our PSHE policy is informed by existing DfE guidance:

- Keeping Children Safe in Education (statutory guidance)
- Respectful School Communities: Self Review and Signposting Tool (a tool to support a whole school approach that promotes respect and discipline)
- Behaviour and Discipline in Schools (advice for schools, including advice for appropriate behaviour between pupils)
- Equality Act 2010 and schools
- SEND code of practice: 0 to 25 years (statutory guidance)
- Alternative Provision (statutory guidance)
- Mental Health and Behaviour in Schools (advice for schools)
- Preventing and Tackling Bullying (advice for schools, including advice on cyberbullying)
- Sexual violence and sexual harassment between children in schools (advice for schools)

- The Equality and Human Rights Commission Advice and Guidance (provides advice on avoiding discrimination in a variety of educational contexts)
- Promoting Fundamental British Values as part of SMSC in schools (guidance for maintained schools on promoting basic important British values as part of pupils' spiritual, moral, social and cultural (SMSC)
- SMSC requirements for independent schools (guidance for independent schools on how they should support pupils' spiritual, moral, social and cultural development).

The Jigsaw Programme is aligned to the PSHE Association Programmes of Study for PSHE.

What do we teach when and who teaches it?

Whole-school approach

Jigsaw covers all areas of PSHE for the primary phase including statutory Relationships and Health Education. The table below gives the learning theme of each of the six Puzzles (units) and these are taught across the school; the learning deepens and broadens every year.

Term	Puzzle (Unit)	Content
Autumn 1:	Being Me in My World	Includes understanding my own identity and how I fit well in the class, school and global community. Jigsaw Charter established.
Autumn 2:	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and understanding
Spring 1:	Dreams and Goals	Includes goal-setting, aspirations, who do I want to become and what would I like to do for work and to contribute to society
Spring 2:	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices, sleep, nutrition, rest and exercise
Summer 1:	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills, bereavement and loss
Summer 2:	Changing Me	Includes Relationships and Sex Education in the context of coping positively with change

At Heronshaw and Heronshill Schools we allocate up to an hour of PSHE each week in order to teach the PSHE knowledge and skills in a developmental and age-appropriate way.

These explicit lessons are reinforced and enhanced in many ways:

Assemblies and collective worship, praise and reward system, Learning Charter, through relationships child to child, adult to child and adult to adult across the school. We aim to 'live' what is learnt and apply it to everyday situations in the school community.

Class teachers deliver the weekly lessons to their own classes.

Relationships Education

What does the DfE statutory guidance on Relationships Education expect children to know by the time they leave primary school?

Relationships Education in primary schools will cover 'Families and people who care for me', 'Caring friendships', 'Respectful relationships', 'Online relationships', and 'Being safe'.

The expected outcomes for each of these elements can be found further on in this policy. The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

It is important to explain that whilst the Relationships Puzzle (unit) in Jigsaw covers most of the statutory Relationships Education, some of the outcomes are also taught elsewhere in Jigsaw e.g. the Celebrating Difference Puzzle helps children appreciate that there are many types of family composition and that each is important to the children involved. This holistic approach ensures the learning is reinforced through the year and across the curriculum.

Teaching is developed to ensure these subjects are accessible for pupils with SEND and prepare pupils for adulthood,14 as set out in the SEND code of practice: 0 to 25 years. Schools are aware that pupils with SEND may be more vulnerable than their peers to harmful sexual behaviour, sexual abuse, exploitation and violence, bullying and other issues. RSHE can be particularly important for these pupils, particularly those with social, emotional and mental health needs or learning disabilities.

Health Education

What does the DfE statutory guidance on Health Education expect children to know by the time they leave primary school?

Health education starts with the benefits and importance of physical activity, good nutrition and sufficient sleep, and supports pupils to develop emotional awareness. We will emphasise the relationships between physical health and mental wellbeing, and the benefits of physical activity and time spent outdoors.

Health Education in primary schools will cover 'Mental wellbeing', 'Internet safety and harms', Physical health and fitness', Healthy eating', 'Drugs, alcohol and tobacco', 'Health and prevention', 'Basic First Aid', 'Changing adolescent body'.

The expected outcomes for each of these elements can be found further on in this policy. The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

It is important to explain that whilst the Healthy Me Puzzle (unit) in Jigsaw covers most of the statutory Health Education, some of the outcomes are taught elsewhere in Jigsaw e.g. emotional and mental health is nurtured every lesson through the Calm me time, social skills are grown every lesson through the Connect us activity and respect is enhanced through the use of the Jigsaw Charter.

Also, teaching children about puberty is now a statutory requirement which sits within the Health Education part of the DfE guidance within the 'Changing adolescent body' strand, and in Jigsaw this is taught as part of the Changing Me Puzzle (unit).

Again, the mapping document transparently shows how the Jigsaw whole-school approach spirals the learning and meets all statutory requirements and more.

Sex Education

The DfE Guidance 2019 (p.23) recommends that all primary schools 'have a sex education programme tailored to the age and the physical and emotional maturity of the pupils.

However, 'Sex Education is not compulsory in primary schools'. (p. 23)

As Heronshaw and Heronshill are both infant schools, the focus of learning will be about developing healthy relationships and knowing how to keep ourselves safe. Sex education itself will not be taught.

We intend to teach this as part of our PSHE lessons.

Parents' right to request their child be excused from Sex Education

"Parents have the right to request that their child be withdrawn from some or all of sex education delivered as part of statutory Relationships and Sex Education" DfE Guidance p.17

Parents do have the right to withdraw their child from Sex Education but as we do not teach this due to the age range of our children, there is no right to withdraw.

The school will inform parents of this right by letter and through a parent's information meeting. Any changes to the policy will be communicated with parents,

Safeguarding

Discussions about sensitive topics in RSHE can lead to increased safeguarding reports. All staff know what to do if they have concerns that a pupil is being neglected or abused, including those who have seen, heard or experienced the effects of domestic abuse. Staff are also aware of mandatory reporting duties, including relating to FGM, and that virginity testing and hymenoplasty became illegal in 2022. The Government is also introducing a new law which will create a legal requirement for anyone in regulated activity relating to children in England, including teachers, to report if they are made aware a child is being sexually abused.
